ACTION REQUIRED: FYI

1. We had an opportunity, after months of inactivity, to discuss this case at some length with GUTTO and are therefore taking the opportunity to pick up some loose ends as well as tie on some more fragments.

2. [] is apparently under a misapprehension in para. 5 of Reference A. UPSWING asked us for the mail intercept on Subject and we have taken this to mean they do not have the capability. Certainly UPSWING would not bother to initiate surveillance. The cost would not be worth it. They have a full description of [] from Subject and will treat him as a "friendly" contact of Subject.

3. As to finances, GUTTO says that Subject has a good chance of being recognized under Section 133 for a pension if the bureaucrats ever get through quibbling over the dates of Subject's employment for the government.
